

PROSPECT'S JULY 4, 1776.

The unanimous Declaration of the thirteen united States of America.

When in the Course of human Events, it becomes necessary for one People to dissolve the political Bands which connect them with another, to assume among the Powers of the earth, the separate and equal Station to which the Laws of Nature and of Nature's God entitle them, a decent Respect to the Opinions of Mankind requires that the Reasons which impel them to the Separation should be published to the world, that among those who are led by the Author of Liberty, the Minds of the World may be informed of their Mind, and that they may follow their Example in the most judicious Manner.
